

Sound Hoof Conditioner

What Is Sound Hoof Conditioner?

Brought to you by the leaders in hoof care, our proven, fast-acting conditioner was formulated by farriers for farriers using an age-old recipe made with only the safest, natural ingredients. Sound Hoof Conditioner ensures the overall health of your horse by protecting its hooves from wet and dry conditions, preventing dry coronary bands and hoof cracks, while maintaining moisture and ensuring a supple, healthy hoof.

Why Use Sound Hoof Conditioner?

- Contains NO wax or petroleum
- Prevents hoof cracks and dry coronary bands
- Protects against wet and dry conditions/climates
- Formulated with essential vitamins and nutrients
- Provides moisture and suppleness
- Ensures *shine* for the show ring
- Is non-toxic to the environment ... and to your horse
- Smells great

Directions

Apply Sound Hoof Conditioner liberally with applicator brush to the hoof wall, coronary band and hoof sole prior to RIDING, BATHING and STALLING your horse and just before entering show ring. Use Sound Hoof Conditioner daily to ensure healthy hooves for your horse.

Store at room temperature.

Ingredients

Essential fatty acids, retinol (palmitic acid, a form of Vitamin A), triglycerides, natural antioxidants, gamma-linoleic acid, and natural Omega-6 and Omega-9 vitamins. Natural vanilla scent.
